

## Press Release

### **S&P Releases Historical Pricing Data on New S&P/Case-Shiller Metro Area Home Price Indices**

**New York, April 17, 2006** – Standard & Poor's announced today that it released 18 years of historical pricing data on the soon to be launched S&P/Case-Shiller Metro Area Home Price Indices. The indices, which will be launched during the second quarter of this year and which are generated in partnership with MacroMarkets and Fiserv, measure residential housing prices in ten individual metropolitan areas within the United States. A weighted composite index is also calculated.

#### Historical Pricing Data.

#### **About Standard & Poor's**

Standard & Poor's, a division of The McGraw-Hill Companies (NYSE:MHP), is the world's foremost provider of independent credit ratings, indices, risk evaluation, investment research and data. With approximately 6,300 employees located in 20 countries and markets, Standard & Poor's is an essential part of the world's financial infrastructure and has played a leading role for more than 140 years in providing investors with the independent benchmarks they need to feel more confident about their investment and financial decisions.
